DESIGN YOUR NET USER

Net Users are avatars that represent people from the real world as they explore the internet. When a person moves their cursor around on a computer screen, they are moving their Net User avatar within the internet. Net Users move around inside the internet to gather information and play online games. What would your Net User look like?

How Do I Make a KnowsMore Costume?

KnowsMore is a search engine Ralph and Vanellope turn to upon arriving in the internet. Literally a know-it-all, KnowsMore frequently gets ahead of himself, finishing people's sentences in an attempt to guess what they're going to say. Follow the instructions to make your own KnowsMore glasses and cap. Wear them and try to guess what people are going to ask you!

WHAT YOU'LL NEED

- Scissors
- Heavy Card Stock
- Cardboard Toilet Paper Roll
- Glue
- Yellow Yarn
- An Adult

1 Print out all the following pages. Cut out the rectangle marked "base" and put aside. Glue all the remaining pages onto heavy card stock. Once the glue dries have an adult help you carefully cut out the pieces.

2 Place glue on the outside of the toilet paper roll and roll it up in the base to cover it. Any extra hanging off the top or bottom you can push into the tube.

3 Fold the white tabs on the temples then glue them to the lenses a little below center on both sides.

4 Glue the two purple squares together with the purple sides facing out. Once dry, carefully make a small hole in the center of the circle. Take two long pieces of yarn and pull them through the hole. Tie a large knot on the top so the yarn doesn't pull through.

5 Place the top of the cap knot-side down. Feed the two strings of yarn through the base tube. Glue the base tube down using lots of glue.

6 Fold the tassel down the middle. Place a piece of yarn inside and close with glue. Take the tassel and tie it to the knot on the top side of the cap allowing it hang slightly off the cap.

7 Place the tube on the top of your head and have an adult tie the yarn under your chin to keep the cap on. Put on your glasses and start answering people's questions!

RALPH'S MEMORY CARD GAME

NOV. 21

Have an adult cut out the cards from all six pages. Fold each card on the indicated line and glue or tape the inside to make a two-sided card with the logo on one side and the character on the other. Place the cards character-side down on a smooth surface and mix them up. Turn over two cards at a time to see if they match exactly. If they don't, turn them face down again. Take turns turning over cards using your memory to recall where a matching card may be located. The person who matches the most pairs wins!

INTERNET SAFETY TIPS

The internet is a fun place to play games, watch videos and shop. But play it safe. Here are some basic tips to keep in mind while surfing the web. Print this page and put it near your computer.

- Never give anyone your name, address, phone number, password, school name or picture without your parents' permission. If anyone asks you for this information, say "no way" and tell an adult.
- Have an adult check your privacy settings on social media platforms so that only approved people can see what you post.
- Don't click to download or install anything onto your computer without checking with your parents first.
- Don't talk to strangers online: Decline friend requests from people you don't know, don't allow strangers to follow you on social media and NEVER meet up with anyone you meet online. If anyone tries to talk you into these things, tell your parents.
- Never use your last name or date of birth when making a screen name.
- Don't buy anything online—no matter how cool it is—without your parents' permission.
- Don't respond to any threatening messages, emails or texts. If you feel you're being bullied online or if anything makes you feel uncomfortable, talk to your parents about it.
